8-21-99

DEAR MR. SNOW:

CALIFORNIA'S WATERSHEDS ARE IMPORTANT TO PROTECT, BOTH FOR THE SAKE OF WILDLIFE HABITAT CONSERVATION AND FOR CALIFORNIANS TO ENJOY. I UNDERSTAND THAT THERE IS A CONFLICT BETWEEN THIS IDEAL OF NATURAL WATERSHED CONSERVATION & AGRICULTURAL WATER USE. IT SEEMS THAT CALFED COULD DO A GOOD JOB MEDIATING BETWEEN THESE INTERESTS BY PROPOSING AN ALTERNATIVE SOLUTION: WATER CONSERVATION & SMART USE BY AGRICULTURE TO AVOID DEGRADATION OF CALIFORNIA'S ENVIRONMENT THROUGH DAM-BUILDING AND WATER DIVERSIONS.

SINCERELY,
DEBORAH SAXON
DAVIS, CA 95616
