Lester Snow
Executive Director, Calfed
1416 9th Street
Suite 1155
Sacramento, CA 95814

Dear Director Snow,

I strongly oppose CALFED's plan to increase surface water storage in the Central Valley by raising existing dams or building new offstream storage reservoirs.

I urge CALFED to adopt a program that fully embraces the tools of water efficiency, conservation, & reclamation to stretch our existing water supplies instead of building new dams.

I support CALFED's proposed restoration goals for the Central Valley.

Thank you for your time and consideration. I look forward to hearing your position on this matter.

Sincerely,

Lisa L. Davis
