27 Aug. 1999

Dear Mr. Snow,

Please consider this letter a response to the revised Calfed plan. I oppose Calfed's plan for increased surface water storage in the Central Valley. Plans to raise Shasta dam would flood segments of the upper Sacramento and McCloud rivers.

I urge Calfed to expand water efficiency, conservation and reclamation programs rather than building new dams. I support Calfed's proposed restoration goals for the Central Valley, including removing some facilities such as the Englebright dam.

Thank you for your time and consideration.

Sincerely,

Robin Morris
