AUG 1 9 1999

Dear Mr. Snow,

Please consider this letter a response to the revised CALFED plan.
I oppose CALFED's plan to increase surface water storage in the Central Valley by raising existing dams or building new offstream storage reservoirs. CALFED's plan to raise Shasta dam would flood segments of the upper Sacramento and McCloud rivers.

I urge CALFED to expand water efficiency, conservation and reclamation programs to stretch our existing water supplies, instead of building new dams and canals.

I support CALFED's proposed

restoration goals for the Central Valley

Thank you for your time and consideration.

Please respond to my letter.

Sincerely

Angela Schulz
