0016 7/12/99 JUL 16 1999

Dear Lester Snow -

I am responding to the revised CALFED plan.

I urge you to increase conservation to expand our water supplies, versus building new dams and canals. Switch to higher value and less water consumptive crops and by installing water meters for all.

We cannot solve the environmental problems caused by dams + diversions, by building more dams + diversions.

Sincerely,
Amy Hutzel
