Lester Snow
Executive Director, CALFED
1416 Ninth Street
Sacramento, CA 95814

Dear Mr. Snow,

I am writing in regards to the revised CALFED plan. I oppose the plan to increase surface water storage in the Central Valley area. I believe CALFED should expand water efficiency and conservation measures to stretch our supplies. I also support the CALFED goals to remove existing facilities, to restore our natural water habitats and flows. Thank you for your time.
