Lester Snow
Ex. Director, Calfed
1416 Ninth St.
Sac, CA 95814

Dear Mr. Snow:

I am writing you regarding the revised Cal fed plan.

I oppose Cal fed's plan to increase surface water storage in the Central Valley by raising existing dams or building new reservoirs. Cal fed's plan to raise Shasta dam would flood segments of the upper Sac and McCloud rivers, and Cal fed's proposing Sites offstream storage would require massive water diversions from the Sac River.

0119

I urge Cal Fed to expand water efficiency, conservation, and reclamation programs: switch to higher value and less water consumptive crops, and installing water meters for all ag. users.

Dams such as Englebright should be removed.

Thank you -
