LESTER SNOW
EXECUTIVE DIRECTOR
1416 NINTH ST.
SACRAMENTO, CA 95814

DEAR MR. SNOW:

I AM RESPONDING TO THE REVISED CALFED PLAN.
I STRONGLY OPPOSE THE PLAN.

THROUGH RECREATION AND MY INVOLVEMENT IN RIPARIAN RESEARCH AND RESTORATION IN THE BAY AREA, I HAVE COME TO APPRECIATE AND UNDERSTAND HOW IMPORTANT OUR RIVER RESOURCES ARE. WHILE RESTORATION IS EXTREMELY IMPORTANT, THE METHODS THE CALFED PLAN PROPOSES WOULD ULTIMATELY LEAD TO GREATER ENVIRONMENTAL DAMAGE (E.G. BUILDING MORE DAMS AND DIVERSIONS)

THE WAY TO MEET OUR GOALS IN THE DELTA IS BY CONSERVING OUR WATER RESOURCES. WATER SHOULD BE PRICED

8 of 20

AS A VALUABLE RESOURCH TO ENCOURAGE ITS EFFICIENT USE THROUGH INSTALLATION OF URBAN AND AGRICUTURAL METERS.

THANK YOU FOR TAKING TIME TO CONSIDER MY RESPONSE TO THE PLAN.

SINCERELY

Pamela E. Peterson
