Lester Snow

July 31, 1999

Executive Director, CALFED
1416 9th Street
Sacramento, CA 95814

Dear Mr. Snow:

Please consider this letter a response to the revised CALFED plan.

I oppose CALFED's plans to increase surface water storage in the Central Valley by raising existing dams or building new offstream storage reservoirs.

I urge CALFED to expand water efficiency, conservation, and reclamation programs to stretch our existing water supplies instead of building new dams and canals.

I do, however, support CALFED's restoration goals.
