Lester Snow
Executive Director, CALFED
1416 Ninth street
Sacramento, CA 95814

Dear Mr. Snow,

Please consider this a response to the revised CALFED plan.

I oppose CALFED's plan to increase surface H_2O storage in the Central Valley by raising existing dams or building new offstream storage reservoirs. CALFED's plan to raise Shasta dam would flood segments of the upper Sacramento and McCloud rivers. CALFED's proposed Sites offstream storage reservoir would require massive water diversions from the Sacramento River.

We cannot solve the ecological problems caused by dams and diversions by building more dams and diversions. Therefore,

Sincerely,

Jason H. Crane
