Lester Snow 8/6/99

Executive Director, CALFED

1416 Ninth Street

Sacramento, CA 95814

Dear Mr. Snow:

I have read the CALFED's plan to increase water storage in the Central Valley, and I oppose it. I believe that we should expand water efficiency, conservation to stretch our existing water supply. I support CALFED's goals in restoration for the Central Valley, but we cannot solve the ecological problems caused by dams and diversions by building more dams and diversions.

Thank you for your time and consideration.

Sincerely,

Jeremy Fitzgerald
