AUG 1 9 1999 0213

Lester Snow 8/7/99
Executive Director, CALFED
1416 Ninth St.
Sacramento, CA 95814

Dear Mr. Snow,

I'm writing today in response to the revised CALFED plan.

I oppose CALFED's plan to increase surface water storage in the Central Valley by raising existing dams or building new reservoirs. CALFED's plan to raise Shasta dam would flood segments of the upper Sacramento and McCloud rivers.

I urge CALFED to expand water efficiency, conservation and reclamation projects. I urge CALFED to consider switching to higher value and less consumptive crops by installing water meters for all agricultural users.

I support CALFED's restoration goals for the Central Valley including removing some facilities such as the Englebright dam.

We cannot solve the ecological problems caused by dams and diversions, by building more dams and diversions.

Thank you for your consideration

Sincerely,

Ladd Parrish
