Lester Snow
Executive Director, CALFED
1416 9th St
Sacramento, CA 95814

Dear Mr. Snow -

I am writing to you concerning the CALFED revised plan.

I oppose the inclination towards upgrading & adding additional dams as a solution to using our water resources. This is the kind of planning & decisions that have created many of the environmental disasters in our state.

Please support conservation and efficiency programs. I am also for removing such facilities as the Englebright dam.

Thanks for considering my point of view.

Sincerely,

David Cohen
