Lester Snow
Executive Director, CALFED
1416 NINTH STREET
Sacramento, CA 95814

Dear Mr. Snow:

I urge CALFED to expand water efficiency, conservation, and reclamation programs to stretch our existing water supplies, instead of building new dams and canals. This could be done by switching to higher value and less water consumptive crops and by installing water meters for all agricultural and urban users.

Thanks for your time and consideration

Sincerely,

Anij Davis
