Dear Mr. Snow -- 8/14/99

This is a letter in response to the revised CALFED plan.

I am opposed to CALFED's plan to increase surface water storage in the Central Valley by raising existing dams or building new offstream storage reservoirs. CALFED's plan to raise Shasta Dam would flood segments of the upper Sacramento & McCloud rivers. CALFED's proposed sites offstream storage resorvoir would require massive water diversions from the Sacramento River.

Please respond to this letter! Would like to hear your feedback on my opposition to your plan. I do support CALFED's proposed restoration goals for the Central Valley & I look forward to hearing from you. Thanks!
