hester Snow
Exec Director CALFED
1416 Ninth St
Sacramento Ca 95814

Dear Mr Snow:

I oppose CALFED'S plan to increase surface water by raising existing dams or building off stream reservoirs

I feel that time & money should be spent on efficiency, conservation & preserving the existing rivers.

If we keep diverting the rivers future Californians won't know the joy & beauty of going white water rafting or swimming & camping which I have done all my life with my family.

Sincerely,
