Lester Snow
Executive Director, Cal Fed
1416 Ninth St.
Sacramento, CA 95814

Dear Mr. Snow,

Please consider this letter a response to the revised Cal Fed plan.

I oppose Cal Fed's plan to increase surface water storage in Central Valley by raising existing dams.

I urge Cal Fed to expand water efficiency, conservation, and reclamation programs to stretch our existing water supplies, instead of building new dams and canals. I also support Cal Fed's plan to restore Central Valley by removing Englebright dam. over →

we cant solve ecological problems caused by dams and diversions, by building more dams.

Thank you for your time, I look forward to hearing your position on this issue.

Sincerely,

Ginger Jones
