Dear Lester Snow,

I'm writing you to say Please support the draft plan to restore the estuary in the San Francisco Bay. That requires water flowing down thru the Sacramento-San Joaquin Delta.

Then we will enjoy more salmon and more migratory birds in the Pacific Flyway! I would support that with my tax $$. I do not support more dams, reservoirs or Peripheral Canal building with my tax $!

Wildlife ~~habites~~ habitats are vital to human well being. We need nature!

DO YOUR BEST TO RESTORE THE BAY/DELTA ECOSYSTEM! Thank you!

Sincerely, Peggy Williams
