Mr. Snow: 8-28-99

Please consider this letter a response to the CALFED Plan.

I oppose CALFED'S plan to increase surface water storage in the Central Valley by raising existing dams or building new offstream storage resivoirs. CALFED'S Plan to raise Shastaa dam would flood segments of the upper Sacramento & McCloud Rivers. CALFED'S prosposed site offstream storage reservoir would require a large water diversions from the Sacramento River.

I urge CALFED to expand water efficiency, conservation and reclamation programs to stretch our existing water supplies, instead of building new dams and canals
