SEP 1 3 1999 781 8/28/99

Lester Snow
Exec Director CALFED
1416 Ninth St.
Sacramento, CA 95814

Dear Mr Snow,

Please consider this letter a response to the revised CALFED plan.

I oppose CALFED's plan to increase surface water storage in the Central Valley by raising existing dams or building new offstream storage reservoirs. CALFED's plan to raise Shasta dam would flood segments of the upper Sac & McCloud rivers.

I urge CALFED to expand water efficiency, conservation & reclamation programs to stretch our existing water supplies instead of building new dams.

I support CALFED's purpose restoration goals for the Central

781(2)

valley including some facilities that act as barriers to migrating salmon. restore habitat & increase flows for fish + wildlife.

We can't solve the ecological problems caused by dams by building more dams

Thank you,

Sincerely,

Ann Tersen
