Lester Snow
Executive Director, CALFED
1416 Ninth Street
Sacramento, Ca 95814

Dear Mr. Snow,

Please consider this letter a response to the revised CALFED plan.

I oppose CALFED's plan to increase surface water storage in the Central Valley by raising existing dams or building new offstream storage reservoirs. CALFED's plan to raise Shasta dam would flood segments of the upper Sacto and McCloud rivers.

I urge CALFED to expand water efficiency, conservation, and reclamation programs to stretch our existing water supplies, instead of building new dams.

I support CalFED's proposed restoration goals for the Central Valley, including removing some facilities such as Englebright dam.

Thank you for your time and consideration. Sincerely,

MARY PENDER
