Executive Director, CALFED

Please consider this letter a response to the revised CALFED Plan.

I oppose CALFED's plan to increase surface water storage in the Central Valley by raising existing dams or building new offstream storage.

I urge CALFED's plan to expand water efficiency, conservation, and reclamation plans to stretch our existing water supplies, instead of building new dams and canals.

I support proposed restoration goals including removing some facilities such as Englebright Dam.

Thank you for your time and consideration
