Lester Snow
ED, CalFed
1416 Ninth St
Sacramento CA 95814

Dear Mr. Snow,

I fully support the restoration aspects of CALFEDs plan and strongly believe the Englebright Dam should be removed.

I also believe conservation efforts, such as public education and water meters for Central Valley communities, are much more valuable and useful than new off-site storage facilities.

I am opposed to raising Shasta Reservior

Sincerely,

Ethan Winston
