Lester Snow 8/26/99
Exec. Director, Calfed
1416 9th St.
Sacramento, CA 95814

Dear Mr. Snow

Instead of increasing surface water storage in California and destroying more natural & scenic places, I urge you to increase water efficiency, and conservation to extend our existing water supplies. This could be done by making water more expensive so that we no longer raise rice in a dessert. I also support proposed restoration goals for the Central Valley including removal of the Englebright dam.

Thanks for your time.
