Lester Snow
Executive Director, CALFED
1416 Ninth Street
Sacramento, CA 95814

Dear Mr. Snow:

This letter is to request that you do what you can to save the rivers in California! I write this letter over looking the South Fork American River, I might add that this is my first trip to the river, admiring its beauty and useful uses to wildlife and am more to urge you to expand water efficiency conservation, and reclamation programs to stretch our existing water supplies, instead of building new dams and canals.
I write this letter to let you know that I oppose CALFED's plan.

Please do what you can to allow others like me to experience the beauty of California Rivers.

Sincerely,
Angela Jones
