Sept. 17, '99

Dear Executive Director Snow:

Please insure that the CALFED Bay/Delta program is revised to:

not commit to building any new dams, reservoirs or canals during CALFED's "Stage 1."

increase investments in water conservation.

improve water quality by preventing pollution at the source

restore our rivers, bays & fisheries by providing firm guarantees of more fresh water flows.

Thank you for your attention.

Truly Yours,
Doris Haskell
