CALFED Science Conference Newsmakers Brief Media

Presenters of key topics at the CALFED Science Conference will provide highlights of their findings at a news conference.

WHAT: The 4th Biennial CALFED Science Conference, Making Sense of Complexity: Science for a Changing Environment, will be held October 23-25.

A news conference with key presenters highlighting topics of major interest to the Delta will kick-off the conference.

WHEN: Monday, October 23
12:15 p.m.

WHERE: Room 310
Sacramento Convention Center
1400 J Street
Sacramento, CA

WHO: News Conference participants include:

Dr. Michael Healey, Lead Scientist, CALFED Bay-Delta Program
International expert on Chinook salmon and resource management

Dr. Raymond B. Seed, University of California, Berkeley
Member of New Orleans Levee Investigation Team

Michael L. Anderson, newly-appointed state Climatologist
Expert on climate change patterns in California

Ted R. Sommer, Department of Water Resources
Expert on the Delta's pelagic organism decline

More information about the CALFED Science Conference and other speakers can be found in the Science Conference Newsroom at
