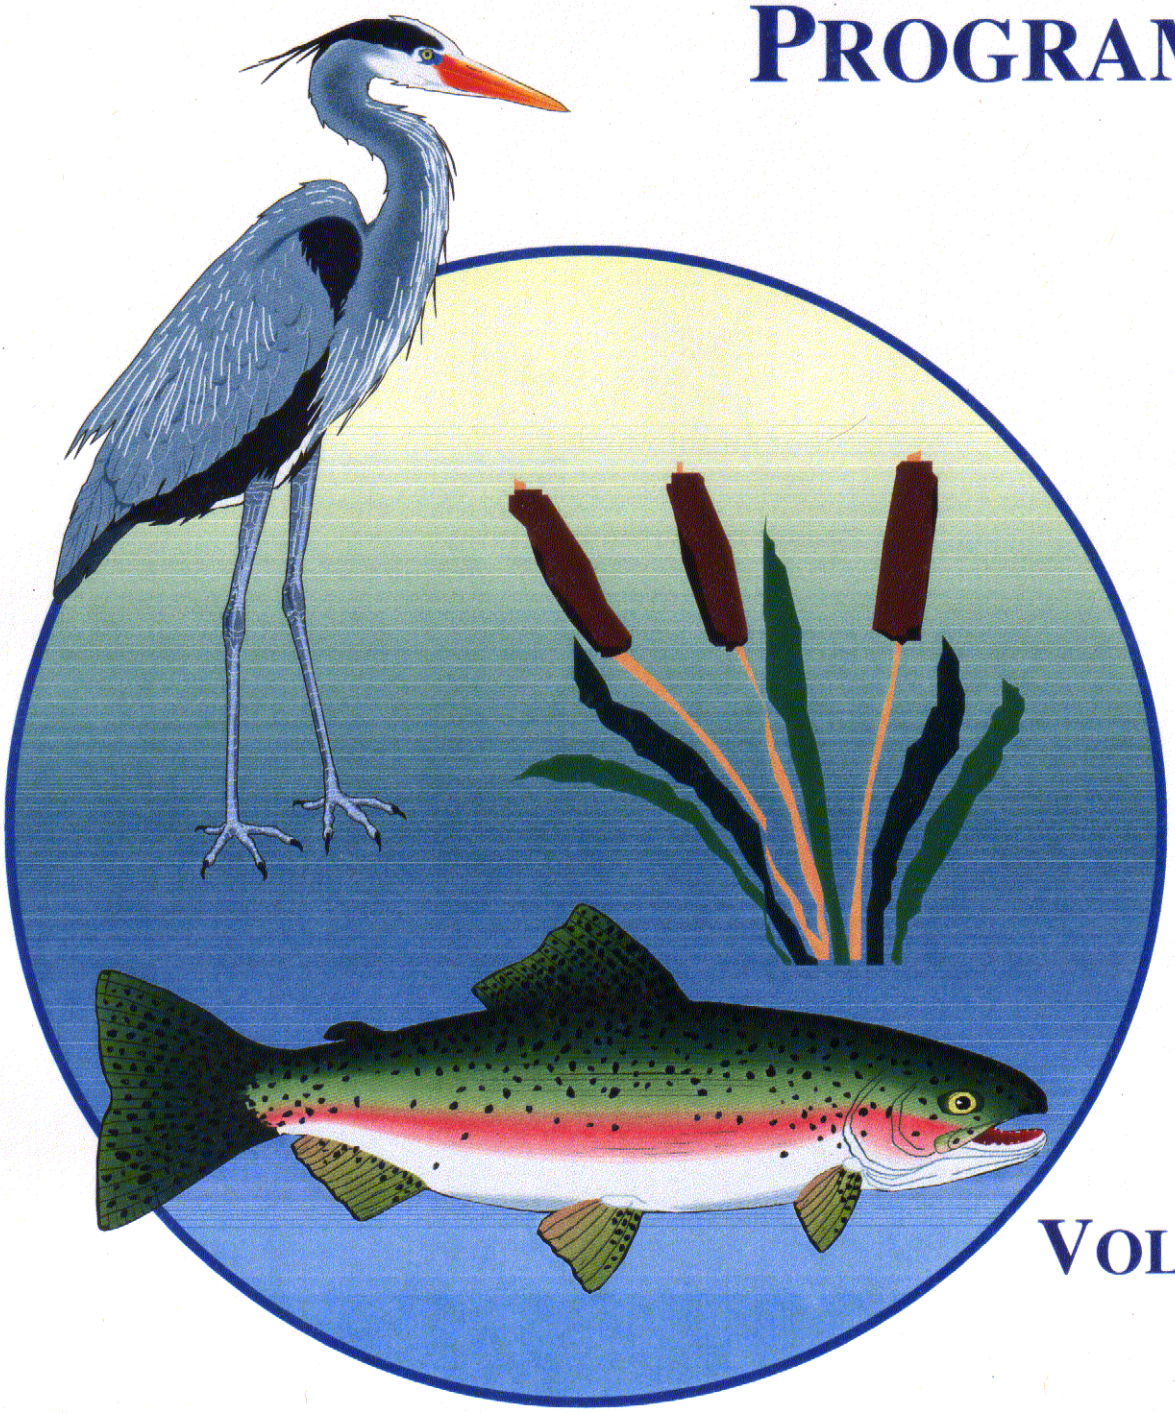
Ecosystem Restoration Program Plan Volume I: Ecological Attributes of the San Francisco Bay-Delta Watershed

Final Programmatic EIS/EIR Technical Appendix
July 2000

ECOSYSTEM RESTORATION PROGRAM PLAN



VOLUME I

ECOLOGICAL ATTRIBUTES OF THE SAN FRANCISCO BAY-DELTA WATERSHED

CALFED BAY-DELTA PROGRAM

JULY 2000

CALFED BAY-DELTA PROGRAM
ECOSYSTEM RESTORATION PROGRAM PLAN

VOLUME I: ECOLOGICAL ATTRIBUTES OF THE SAN FRANCISCO BAY-DELTA WATERSHED

TABLE OF CONTENTS

SECTION **PAGE**

Overview **1**
- Organization of the Plan 2
- Introduction to Volume I 2
- Perspective 3
- Geographic Scope 4
- Multi-Species Conservation Strategy 4
- Implementation Strategy 5
- Comprehensive Monitoring, Assessment, and Research Program 7
- Terms Used in the ERPP 10
- Relationship of Other CALFED Common Programs to Ecosystem Restoration 14

Key Ecological Attributes of the San Francisco Bay-Delta Watershed **17**
- Rationale 17
- Ecosystem Typology 17
  - Upland River-Floodplain Ecosystem 18
  - Alluvial River-Floodplain Ecosystem 20
  - Delta 22
  - Greater San Francisco Bay 24

Visions for Ecosystem Elements **28**
- Species Designations 28
  - Recover 28
  - Contribute to Recovery 29
  - Maintain 29
  - Enhance and/or Conserve Biotic Communities 29
  - Maintain and Enhance Harvested Species 29
- MSCS Conservation Measures 29
- Ecosystem Processes 34
- Habitats 35
- Species and Species Group 36
  - Recovery 36
  - Contribute to Recovery 39
  - Maintain 41
  - Enhance and/or Conserve Biotic Communities 43
  - Maintain and/or Enhance Harvested Species 44
- Stressors 45

Ecological Process Visions **47**
- Introduction 47

TABLE OF CONTENTS (CONTINUED)

SECTION **PAGE**

Central Valley Streamflows 53
Central Valley Stream Temperatures 62
Coarse Sediment Supply 71
Stream Meander 80
Natural Floodplains and Flood Processes 87
Bay-Delta Hydrodynamics 95
Bay-Delta Aquatic Foodweb 100

Habitat visions 106
Introduction 106
Relationship to Multi-Species Conservation Strategy 106
Tidal Perennial Aquatic Habitat 114
Nontidal Perennial Aquatic Habitat 119
Delta Sloughs 124
Midchannel Islands and Shoals 128
Saline Emergent Wetland 133
Fresh Emergent Wetland 140
Seasonal Wetlands 146
Riparian and Riverine Aquatic Habitats 151
Freshwater Fish Habitats 159
Essential Fish Habitats 164
Inland Dune Scrub Habitat 168
Perennial Grassland 172
Agricultural Lands 176

Species and Species Group Visions 180
Introduction 180
Species Designations 180
Species Designated for Recovery 194
Delta Smelt 195
Longfin Smelt 200
Green Sturgeon 207
Splittail 211
Chinook Salmon 216
Steelhead Trout 228
Tidal Brackish and Freshwater Marsh Special-Status Plant Species 244
Inland Dune Special-Status Plant Species 251
Lange's Metalmark Butterfly 254
Valley Elderberry Longhorn Beetle 256
Suisun Ornate Shrew 259
Suisun Song Sparrow 262
San Pablo Song Sparrow 266

TABLE OF CONTENTS (CONTINUED)

SECTION **PAGE**

Species Designated for Contribute to Recovery 269
California Clapper Rail 270
California Black Rail 274
Swainson's Hawk 278
Salt Marsh Harvest Mouse 281
San Pablo California Vole 285
Riparian Brush Rabbit 288
San Joaquin Valley Woodrat 292
Sacramento Perch 296
Giant Garter Snake 299
Greater Sandhill Crane 302
California Yellow Warbler 305
Little Willow Flycatcher 308
Western Yellow-billed Cuckoo 311
Least Bell's Vireo 313
Saltmarsh Common Yellowthroat 315
Bank Swallow 318
Delta Green Ground Beetle 321

Species Designated for Maintain 324
Western Least Bittern 325
Hardhead 328
California Red-legged Frog 331
Western Spadefoot 334
California Tiger Salamander 337
Western Pond Turtle 340
California Freshwater Shrimp 343
Eel-grass Pondweed 346
Vernal Pool Special-Status Plant Species 349
Perennial Grassland Special-Status Plant Species 354

Species Assemblages and Communities Designated for Enhance and/or Conserve Biotic Communities 356
Lamprey Family 357
Native Resident Fish Species 360
Native Anuran Amphibians 363
Waterfowl 366
Shorebird and Wading Bird Guild 370
Neotropical Migratory Bird Guild 373
Bay-Delta Aquatic Foodweb Organisms 376
Plant Community Groups 380
Aquatic Habitat Plant Community 380
Tidal Brackish and Freshwater Marsh Habitat Community 383
Seasonal Wetland Habitat Plant Community 389
Inland Dune Habitat Plant Community 393
Tidal Riparian Habitat Plant Community 396

TABLE OF CONTENTS (CONTINUED)

SECTION **PAGE**

Maintain and/or Enhance Harvested Species 402
White Sturgeon 403
Striped Bass 406
American Shad 411
Non-native Warmwater Gamefish 415
Pacific Herring 418
Grass Shrimp 420
Signal Crayfish 422
Upland Game 424

Visions for Reducing or Eliminating Stressors 428
Introduction 428
Water Diversions 434
Dams and Other Structures 440
Levees, Bridges, and Bank Protection 446
Dredging and Sediment Disposal 452
Gravel Mining 455
Invasive Aquatic Plants 461
Invasive Aquatic Organisms 469
Invasive Riparian and Marsh Plants 477
Zebra Mussel 487
Non-Native Wildlife 491
Predation and Competition 495
Contaminants 504
Fish and Wildlife Harvest 511
Artificial Fish Propagation 519
Stranding 524
Disturbance 530
