*Santa Clara Valley Water  
District*

Kevin L. Wattier  
*Long Beach Water Department*

Leah Wills  
*Forest Community Research*

Thomas Zuckerman  
*Central Delta Water Agency*

The Drinking Water Subcommittee of the California Bay-Delta Public Advisory Committee (BDPAC) invites nominations for members from the agricultural community with an expertise in water quality.

**Background**

The mission of the Drinking Water Subcommittee is to provide policy advice and leadership to BDPAC on the implementation of CALFED's Drinking Water Quality Program, during Stage 1 (i.e. through 2007) and throughout the CALFED solution area (primarily the Central Valley, Bay Area, Delta, and Southern California). The Subcommittee specifically recommends courses of action, through BDPAC, to CALFED agencies on treatment technology, alternative water sources, conveyance improvements, storage, and operations necessary to meet CALFED's goal of continuous improvement in Delta water quality for all uses. The Subcommittee is actively developing an innovative strategic plan to help guide CALFED and local investments to improve water quality in California.

**Nominations**

**The Drinking Water Subcommittee desires to complete its membership with two additional members with expertise in agricultural impacts to water quality.** Ideal candidates would be persons with both technical and policy expertise in agriculture interested in engaging in constructive dialogue and partnerships with other water quality stakeholders.

If you or someone you know is interested in serving on the Drinking Water Subcommittee in this capacity, please submit a one-page statement of interest and a resume, by April 11, 2003, to:

Min Yu  
California Bay-Delta Authority  
1416 Ninth St, Rm. 1148  
Sacramento, CA 95814  
(916) 654-3729
