

Science Program Priorities

Review Panels

Recent Panels

- POD
- OCAP
- EWA
- DSP
- CALSIM II
- IEP-SAG

Request for Panels/Advisors

- Vision
- DRMS
- BDCP
- FTDCCTDF (Delta Conveyance)
- Performance Measures

Science Program PSP

Results: 35 Proposals Submitted

7 - Aquatic Invasive (Exotic) Species

8 - Environmental Water

11- Habitat Availability and Response to Change

9 - Trends and Patterns of Populations and System Response to a Changing Environment

Next Steps

- External Technical Review: Sept – Oct, 2006
- Technical Selection Panel: Nov, 2006
- Authority approval: Dec, 2006

Science Program Fellows

Results: 20 Proposals Submitted

- Environmental Water Account
- Drinking Water Quality
- Pelagic Organism Decline (POD)

Next Steps

- Technical Review and Selection, Oct 2006
- Funds Awarded, Dec 2006

Lead Scientist

Be it resolved that the California Bay-Delta Authority recommends to the Secretary of Resources the appointment of Dr. Michael Healey as Lead Scientist for the CALFED Bay-Delta Program
