## *The State of Bay-Delta Science Released*

Top scientists involved in the preparation of the *The State of Bay-Delta Science, 2008*, a landmark publication summarizing the current understanding of the Sacramento-San Joaquin Delta, will provide highlights of the document upon its release to the public.

**WHAT:** *The State of Bay-Delta Science, 2008*, is a landmark CALFED Science Program publication authored by the most knowledgeable experts on the Sacramento-San Joaquin Delta. It provides a definitive reference for the current understanding of the largest estuary on the Pacific Coast. Issues covered include: history, science, geophysics, water quality and supply, aquatic ecosystems, levees, climate change, cross-cutting issues and policy development.

**WHEN:** Tuesday, October 21 at 5 p.m.

**WHERE:** Room 103  
Sacramento Convention Center  
1400 J Street  
Sacramento, CA

**WHO:** Joe Grindstaff  
Director, CALFED Bay-Delta Program  
Deputy Secretary for Water Policy, California Resources Agency

Michael Healey, Editor of *The State of Bay-Delta Science, 2008 (SBDS)*  
Former Lead Scientist, CALFED Bay-Delta Program  
Science Advisor, Delta Vision Blue Ribbon Task Force

Michael D. Dettinger, Editor of *SBDS*  
Research Hydrologist, U.S. Geological Survey  
Scripps Institution of Oceanography

Richard B. Norgaard, Editor of *SBDS*  
Professor of Energy and Resources  
University of California, Berkeley

Cliff Dahm  
Lead Scientist, CALFED Bay-Delta Program  
Sacramento

**MEDIA CONTACT:** Jeanie Esajian, (916) 445-0464 or (916) 275-6802  
Keith Coolidge, (916) 445-0092 or (916) 275-6809

Beginning October 22, *The State of Bay-Delta Science, 2008* can be found on the CALFED Science Program website at <http://science.calwater.ca.gov>
